KUHIO DENIES RUMOR OF CONVENTION SPEECH MINISTER WU IS TO BE RECALLED

Kuhio Denies Making Color Line Statement

"I never said 'Nana ka ili' in my speech before the convention; nor did I use any other expression which would convey the idea of drawing the color line."—Delegate Kalaniana'ole.

"I have a pretty good knowledge of Hawaiian, and I followed the speech of the Delegate very closely. I did not hear him use the expression 'Nana ka ili' and I know that he did not use it, or anything which could be construed into advice to draw the color line."—A. L. C. Atkinson.

The above statements were made this morning by Prince Kuhio and Chairman Atkinson of the Republican Territorial Central Committee, as they were seated together in the latter's office in the Judd building. Both also called attention to the absurdity of the charge that the Prince used such an expression, through the fact that the word "ili," which means skin in Hawaiian, does not, as in English, convey a meaning of race or color, but is understood simply in its purely anatomical meaning as cuticle, so to speak. The expression would never be used by a Hawaiian to convey the sense which it is alleged that Kuhio wanted to convey. On the whole, this attack appears so utterly senseless to the party managers that they do not intend to pay any further attention to it.

Kuhio Goes to Kauai

It has been decided that the Delegate shall go to Kauai next Tuesday. (Continued on Page 2)

Inter-Island To Make Freight Agreement With Matson Company

An arrangement between the Matson line and the Inter-Island Steam Navigation Company for through freight rates from various points on the mainland to various island ports will probably be made very shortly, most likely during the visit here of Captain Matson, who is to arrive tomorrow on the Lurline. The probability of such an arrangement being made is admitted by the Inter-Island people. This is also taken as the bedrock fact in regard to reports on the waterfront to the effect that the Matson line is about to buy out the Inter-Island, and that the two are about to consolidate.

Such an arrangement now exists between the Inter-Island and the American-Hawaiian companies. At present, goods shipped from points on the mainland for island ports at which the Matson steamers do not touch are billed to Honolulu, and reshipped from here through the local agents, Castle & Cooke. This makes a certain amount of local business, among draying and expressage firms. According to the

FREAR AND NEWALL MAKE EARLY START

Left Honolulu at 7 A.M.
On Trip Around
Oahu

Bright and early this morning, the Chief Executive of the Territory, accompanied by Reclamation Expert Newell, started out on a long trip around the island of Oahu. That Mr. Newell does not intend to lose any time in his study of conditions on these islands was certainly shown by his attitude when he was ready and eager to start out on the tour of inspection. There is a great deal of ground to be covered in the short space of time which Mr. Newell will have here, and advantage will be taken of every moment.

Governor Frear planned to return late this evening from the trip around Oahu, for he, with Mr. Newell will leave for Maui on the Claudine tomorrow night. They will spend some time on that island and will then jump over to Hawaii.

WHO CAN GIVE JACK TARS SHORE LEAVE?

Boatswain Says He Can
But He Won't—Many
Jump Ship

Departmental complications are talked of on the Crook, in connection with 299 bluejackets on board, and who has the say as to whether they shall get shore leave. Is the order of the War Department that a lieutenant of marines on board shall have command of all troops on the ship applicable to these jackies? Are they troops? And is Boatswain Rochfort right in saying that he has command of the men and that they shouldn't get any shore leave while they are here?

A big question mark broods over the ship, together with not a little (Continued on Page 2)

STRAUS PLEADS "NOT GUILTY"

Leon Straus entered a plea of not guilty to the charge of assault and battery with a weapon before Judge Robinson this morning. Lawyer Straus was indicted by the Grand Jury. His case was placed on the calendar to take its regular course. Kimura, who was indicted yesterday on the charge of assault and battery, also entered a plea of not guilty.

Bad Year For Runners

"I have been approached by a good number of political runners," said a candidate this morning, "and in each instance I have responded that there is nothing doing." These fellows state that they are willing to dig me up votes for a consideration, or what amounts to the same thing and I can tell you right now that in the first place I have no money to give for such work and in the second place would not give it if I had. "These runners are grafters from the word go. They bring in verbal returns they think will please you and are of no assistance on election day. What legitimate expenses there are to pay I will disburse but none of the paid runners for me." It is understood that party leaders are very much opposed to expenditure of funds for the political runners who have in years gone by done such a thriving business and circulated so much coin for information.

HOSPITAL CHARTER

Application has been made to Treasurer Campbell for a charter for the Kaula Children's Hospital. A. S. Wilcox, S. B. Dole, W. O. Smith, E. A. Mott-Smith, J. R. Judd, and A. Gartley have made the application for the hospital for the relief, care, and treatment of all children suffering from disease, injuries, or deformities. The application has been approved by Mr. Campbell, and only awaits the signature of the Governor.

LOCAL BUSINESS MEN WILL JOIN COAST EXCURSION

Wallace Alexander will pass through Honolulu on the next through steamer to the Orient. He will be with the party of San Francisco and California Chamber of Commerce men who are going to Japan for a general assembly of commercial interests. The party will be joined here by John Waterhouse and probably Fred Macfarlane, who will represent the Honolulu Chamber of Commerce. A third member of the local delegation will be chosen. The party, which will arrive in the Tenyo Maru on October 2, will be entertained by the local business men, but full arrangements have not been made as yet.

WANTS ADVANCED MONEY RETURNED

Mother of H. A. P. Carter
Files Petition In
Court

Atkinson & Quarles, attorneys for Mary H. S. Davis, have filed a petition in behalf of their client to refund advances made by her to her son, Henry A. P. Carter, a minor. In the document it is alleged that during the years 1907 and 1908 she paid out the sum of \$267.09 for his school tuition and incidentals, and it is further stated that during the year 1907 young Carter spent six months at her house, which greatly increased the house expenses, which were already very large. It is said that the estate belonging to young Carter, of which George R. Carter is the trustee, is large, and that all the above-named items should be paid out of it. Geo. R. Carter has, it is alleged, refused to pay the sum asked and the matter is therefore submitted to the courts. The sum of \$1043.19 is asked by Mary H. S. Davis as money which she advanced.

CONSOLIDATION IS NOT PLANNED

Matson-Inter-Island Story
Is Invention, Say
Directors

Not a single business man connected with the directorate or the management of the Matson Navigation Company or the Inter-Island Steamship Company knows anything of the alleged combination of interests which Captain Matson is reported to be about to consummate. C. M. Cooke stated this morning that the inference taken from his report (Continued on Page 2)

M'GREW BUYS OLD WATERHOUSE PROPERTY

Eleanor Waterhouse Wood of Berkeley, Calif., has sold a portion of the old Waterhouse homestead near School street to F. M. McGrew for the consideration of \$7000. The grant was filed with Registrar Merriam this morning. Coincident with it was the filing of a mortgage of the property by McGrew to Tom May of Bournemouth, England, in consideration of \$5000 advanced to him. The mortgage is for three years at 7 per cent.

Contribution Test On Haleakala Ranch

The test case of corporation contributions to campaign funds in a Territory requires, as a first necessity, a victim. The penalty of the law is one year's imprisonment or a \$5000. fine, and this does not look good to the average individual. It is understood, however, that Treasurer J. P. Cooke is willing to be it, the understanding being that the test of the law shall be that features which apply to a corporation and not a director of the corporation. Therefore Mr. Cooke's friends need have no fear that he will suffer serious consequences. The corporation selected is the Haleakala Ranch Company of Maui. This corporation-contribution business is rather complicated in some respects and may go farther than is now expected. Secretary Bonaparte in his letter is understood to admit the doubt involved in the law which does not specifically mention Territories and Territorial Delegate elections. But he bases his instructions on the belief (Continued on Page 4.)
